ASTON MARTIN

# FORMITALIA, A NEW APPROACH TO LUXURY

The Italian furniture specialists FORMITALIA presents the new Aston Martin Interiors collection: exclusive and luxurious products inspired by the Aston Martin "Art of Living" philosophy.

*"The Art of Living", said Marek Reichman, Aston Martin Chief Creative Officer, "is the Aston Martin spirit, it is a beautiful mix of design, technology and style to enhance your life; it is deep in our culture; it is in everything we do".*

The Aston Martin Interiors collection is created using the finest of Italian tradition and material selection, and combines design and luxury. The collection embodies the shared values of a British icon and Formitalia, with unrivalled attention to detail.

Formitalia introduced the new Collection at Milan Salone Internazionale del Mobile 2015: the Milan Design Week was the world stage to present their latest home concept.

This sleek and seductive collection has been developed to reflect the uncompromising level of design, comfort, luxury and performance embodied by a modern Aston Martin sports car: bespoke frames incorporating wood, steel and carbon fibre all combined with fine leathers and wools to offer ergonomic and luxuriant comfort to the owner. A stylish and sophisticated addition to any contemporary living space.

Like all of FORMITALIA's furniture, every piece in the Aston Martin Interiors collection is 'Made in Italy' in the region of Tuscany and the cities of Firenze, Prato, Pistoia and Pisa. The first Formitalia design collection was created in 1991, its instant and continuing success stems from the high level of knowledge and understanding of leather hides, and its selection of the most valuable tanning treatments. The knowledge accrued through various partnerships with luxury brands have provided Formitalia with the expertise required to communicate Aston Martin's "Art of Living" philosophy.

Managed by brothers David and Gianni Overi, Formitalia is today focused on design concepts that offer a carefully integrated solution for the home, office and corporate environments, making them popular across a diverse range of clients. Their influence spans the interiors of magnificent villas in the most exclusive locations to hotel developments and cultural destinations around the world.

This sleek, seductive and sophisticated collection has been developed specifically to reflect the uncompromising level of design, comfort, luxury and performance, embodied by a modern Aston Martin sports car.
